Broker Remarks
The new Jeanneau Sun Odyssey 385 was crafted to ensure cruising is easier, safer, and more liberating. Tailored for sailors of every skill level, this vessel is reliable, intelligently engineered, and highly capable. The 385 represents a modern evolution of Jeanneau sailboats, prioritising the joy of sailing and sharing maritime experiences with family and friends above all.
The deck layout is equally pleasant whether you are underway or relaxing at anchor. Every living area focuses on blending efficient handling with secure movement and onboard convenience. Wide, walk-around sidedecks—unencumbered by backstays—along with clearly partitioned zones for managing lines and lounging, guarantee smooth circulation around the yacht. The welcoming cockpit features tall backrests, offering superior support while sailing and outstanding comfort when moored. It functions as a genuine outdoor living space, perfect for both time at sea and enjoying your favourite stopovers.
Interior access is effortless, requiring only three steps. This entry continues the boat's overall philosophy, where every fine detail works to make life aboard safer, smoother, and more pleasurable.
The specifications listed is currently an open order. This provides an opportunity for factory modifications or the addition of custom features by local experts to build your ideal yacht.
We have currently specified a shoal keel, though this may be swapped for a fin or hydraulic lifting keel.
This model includes the full protection of Jeanneau's 10-year hull warranty, a 3-year general fixture warranty, and a 3-year Yanmar engine warranty.
Please contact us at 01243 550042 for more information.

Accommodation
Accommodation:
The Sun Odyssey 385 provides a deck layout as functional for cruising as it is for anchoring. Each space has been optimized to combine intuitive handling, secure transit, and onboard comfort. The absence of backstays and the presence of wide side decks facilitate easy movement, while the cockpit's tall seatbacks ensure you remain supported and comfortable throughout your journey. The interior layout remains consistent with the boat's broader goal: making every aspect of your life at sea safer, more seamless, and highly enjoyable.
