XBOAT ref :5054.
My boat has excellent seafaring performance. I have equipped it for fishing with numerous upgrades, and the propulsion system is perfectly maintained as I am a former marine mechanic. The Suzuki engines are set up to run on either gasoline or ethanol. I have added a 1500W solar panel, a seawater booster pump, a livewell pump, and a Garmin Force Kraken electric trolling motor with electric control, along with 16 rod holders.
