Various

Broker Remarks
2020 Bali 5.4 sailing catamaran in outstanding private ownership condition. Turkish flagged and never used for charter, this highly specified 4 cabin version has been extensively upgraded and professionally maintained since new.
Powered by twin 80 HP Yanmar engines and equipped with a 17.5 kVA Cummins Onan generator, watermaker, electric winches, air conditioning, solar panels, Besenzoni electro-hydraulic passerelle and upgraded Raymarine navigation electronics.
A major Victron LiFePO4 lithium battery conversion completed in 2024 allows silent overnight air conditioning operation without running the generator, making this yacht stand out from standard Bali 5.4 models currently on the market.
Additional upgrades include Side-Power 210 HP bow thruster, security camera system, upgraded refrigeration systems, wine cooler and enhanced maneuvering cameras.
Full maintenance history, equipment lists and technical documentation available upon request.

Accommodation
Spacious 4 cabin owner version layout with two additional crew cabins located in the forepeaks. All guest cabins feature private en-suite bathrooms, electric freshwater toilets, air conditioning and blackout blinds.
The Bali 5.4 is well known for its open-plan living concept, large salon and seamless connection between cockpit and interior spaces. This yacht benefits from extensive owner upgrades including additional refrigeration, upgraded lithium-powered electrical systems and enhanced comfort equipment throughout.
Flybridge seating area, forward lounge spaces and generous exterior living areas make the yacht ideal for extended cruising and entertaining.
Air conditioning is available throughout the yacht and, thanks to the upgraded Victron lithium battery system installed in 2024, the guest cabin air conditioning can operate overnight without running the generator.
