Lave-vaisselle : Non
TV : Non

Divers

Remarks :

Centurion's Ri230 is twice as impressive as other boats due to its capacity as official tow boat of two World Championships in two distinct water sports disciplines – wake surfing and wakeboarding. Even during these prestigious events, the Ri230 pulls many professional and personal bests. All of our Ri Series models are flagship designs, but the Ri230 hits that sweet spot for the wake sports enthusiasts, whether professionals or beginners, seeking luxury in a 23-foot size. Its responsive handling, world class waves, wakes and ride are wrapped in comfort. It has all the things you want – as well as those you didn't realize you want – to make your experience on the water unforgettable, whether you are an athlete or a passenger. From the Range of View (ROV) system that lets the driver see forward, behind and fuel usage data, to the four conveniently-located wireless clamping phone chargers, to the limo lighting beneath the three-position slide seat, the Lit throttle and the external plug-in access for battery charging – the Ri230 demonstrates that Centurion is paying attention to our customers' needs. The Ri230 is the world's best waves, wakes and ride for as many as 14 people, built with comfort and convenience in mind. Buy it for the performance, enjoy it for its luxury. You really can have it all.

Accommodation :

Seating for 14 persons

Inventory :
