Divers

Remarks :

"Mola Mola" is a nice example of the very popular Southerly 100 cruising yacht that has just come to the market. It has a range of upgrades making her stand out compared to similar aged boats including a sufficiently powered modern Yanmar engine, a bow thruster, Raymarine autopilot, blackwater holding tank and off-grid electricity generation via a Rutland wind turbine. The interior condition of the boat is also excellent for her age. With her variable draft swing keel, this family sized cruiser can take her owners to many locations that most fin keeled yacht owners can only dream of. She has a very well-designed interior for comfortable family holiday cruising and has a secondary inside steering position with good visibility as well as the standard cockpit pedestal steering.

She's ready for the season having just had all the below completed!

Anti-fouled

Professional machine compound cut and polish

New Anode

Stern Gland repacked.

Hull and superstructure are heavy duty hand lay-up GRP mouldings. In the hull, woven rovings and chopped strand mats are used in combination. With thickness increasing progressively towards the keel area. There is a balsa core in the topsides which stops just above the waterline. The deck is of sandwich type construction using balsa core stiffening, with plywood in high stress areas where fittings are positioned. Bulkheads are glassed in, and the entire deck is bonded to the hull resulting in a strong and integrated unit. A teak rubbing strake is fitted externally. Interior joinery is of teak faced plywood with solid teak trims built onto GRP Base modules which are glassed into the hull.

Please call 01243 550042 to arrange a viewing.

Accommodation :

FORE CABIN

Two full sized overlapped berths with stowage lockers under. Stowage shelf to port. Access to cabin locker. Opening Lewmar hatch giving access to foredeck. 2 hull ports with teak rails and curtains. Door to main saloon.

SALOON

Adjustable height table converts dinette to double berth. Lockers under dinette with shelf and drink stowage behind. Settee berth opposite dinette with bookshelf and stowage behind. The floor covering is teak and holly striped ply deck with non-slip varnish and berber carpet under table.
