Remarks :

A beautifully presented Highfield SP460, built in 2023 and powered by a Honda BF50D. Currently stored in our dry storage facility in Salcombe, Devon, this example is exceptionally clean and well maintained from new.

Compact, capable and well thought through, the SP460 blends durability with effortless usability — perfect for family beach runs, coastal exploring or towing the kids on a donut. Built with Highfield's proven aluminium hull and quality fit-out, she's light to handle yet reassuringly solid on the water.

Comfortably seating four adults yet rated for nine, she's equally at home as a family runabout or a practical tender for a larger yacht.

Safe, stable and surprisingly spacious, she's a great choice for anyone wanting reliable family boating without compromise.

Boat stored indoors in our dry storage facility, Salcombe.

Trailer not included – can be sourced if required.

Viewing by appointment highly recommended.
