***** PART EXCHANGE CONSIDERED *****

Boasting a V-shaped hull designed by Michael Peters and twin engines, for up to 2 x 250 HP, the Cap Camarat 9.0 WA Series 2 will delight thrill-seekers and owners that are looking to cover some cruising ground with the wind in their hair. With top speeds of over 40 knots her performance matches her stunning looks. With elongated lines, a T-top, a protective glass windscreen, and large windows in the hull. This boat, inspired by the Cap Camarat 10.5 WA and 12.5 WA, boasts an elegant, distinguished, and contemporary style, yet one that is also synonymous with safety and fun for the whole family. Spirited while cruising, the Cap Camarat 9.0 WA Series 2 is dedicated to relaxation and a laid-back lifestyle when at anchor. The foldaway backrest of the aft bench seat transforms the aft cockpit into a vast sundeck in just seconds. The side terrace extends the cockpit and provides secure, easy access to the sea, for swimming in complete safety.

The forward deck features a true additional cockpit, for relaxing and enjoying a drink while seated in a sun lounger, or a module can be added to form a sundeck. At the end of the day, an exterior galley, comprised of a grill and refrigerator incorporated in an optional leaning post, enables you to prepare a nice meal, facing the sunset, before spending a night at sea in two superb separate cabins, each cosy and well-lit, with double berths.

This boat comes with the twin Yamaha 250hp in white, Bow Thruster, T-Top with enclosure, Auto Zipwakes and a Folding aft backrest for cockpit sunpad and much more...

This particular example comes with the full benefit of Jeanneau's 7 year hull warranty and 3 year general fixture and fitting warranty along with Yamaha's 5 year outboard engine warranty.

Please call us on 01243 550042 for more information.

Accommodation :

On Deck:

This model provides level access to the cockpit from the port side aft with its large swim platforms, stainless steel swim ladder and shower also located on the swim platforms. The series 2 9.0 WA also incorporates the drop down side platform from its bigger sibling, the 10.5 WA S2. This extends the space in the cockpit and provides a platform for plenty of fun to be had. As with most Jeanneau's the cockpit is family friendly with deep freeboard, lots of grab handles, cupholders and a stainless steel gate to close off the entrance. The aft deck on this model is very flexible with two optional pull down bench seats all with backrests to give complete seating around the table which enables its users to have a large family or two sat round a table for a meal or drinks. Alternatively if you are looking for water sports the seating can be folded away to give a large deck space, the ski pole can be utilised and there are two large aft deck lockers or the stowage of equipment. If waters sports are not the order of the day there are rod holders built into the gunwale and even a small self draining locker on the swim platform for stowage of gear.

For entertaining there is the option to have a second fridge located below the helm seats along with a cockpit bar and hob. All under the protection of the T-top, again adopted from the 10.5 WA S2 this area is extremely functional but also stylish with the all new and stylish T-Top. With the asymmetric deck layout the port side provides generous access to the

foredeck that has two large sunbeds with adjustable backrests, handrails and cupholders.

At the Helm: You have a commanding driving position thanks to the step up to the helm station giving a superb position which is great when underway but also a great benefit when berthing. The helm station has two generous helm seats for both the helm and co-pilot providing comfort whether you are seated or standing. Twin Yamaha Electronic throttles are situated on righthand side of the console and give the helm great control with effortless shifting and are a real step forward from traditional cable systems. The helm station also comes equipped with compass, bow thruster controls, auto trim tabs and 6" colour Yamaha display.

Below Deck: The interior is fitted out with a light wood finish with lots of light coming in from the large sea vision style port holes, opening deck hatch forward and opening port hole in the heads. Forward there is a table that can be converted into a double compliment berth, mirror and ambient indirect LED lighting. On the port side there is a further storage and cabinetry that houses the microwave and fridge. On the starboard side is a well appointed heads compartment with good headroom which contains an electric fresh water toilet, shower with screen and hand wash basin. Aft, behind the steps down from the deck is large double berth with multiple storage lockers for all an owners wears.
