Divers

<p>This Sunreef has just been reduced in price.

With 287sqm (3,089sqft) of light, bright living space including a huge flybridge with lounge, dining and BBQ and more open-air dining on the main deck aft, she makes the very most of her 115GT volume.

The large hydraulic swim platform has three position options. It can be an extension to the main deck aft for more entertainment space, a beach club platform for sea-level living, and underwater as a tender & jet-ski lift system with a load capacity of 2000 kg.

Yacht & Charter Management in one hand

Do you like to sail in warm waters whilst getting a return on investment with Navigare Yachting?

Being a Yacht Investor means that you have ensured your investment and future dream holiday through our advanced knowhow, leading services and high standards.

We take care of everything so that you can experience and enjoy the freedom of sailing whenever you like and receive a return of investment up to 84% on your sailing boat.

For every boat a generous amount of the investment is reserved for maintenance, which guarantees a famous high quality and an increased resale value. All staff works according to Swedish ethics and standards and will take care of both our customers and your boat in the best possible way.

Apartment Open Living Style

With close to 290m² for guests to enjoy, the yacht offers an infinite variety of layouts and décor. They catamaran's alfresco dining and lounging spaces include a superyacht flybridge, a vast bow terrace and a large stern cockpit merging with the panoramic main deck saloon.

Sunreef Yachts is considered to be the world's leading designer and manufacturer of luxury sailing and power multihulls. Each custom-made yacht is designed in great detail for the most demanding customers and delivers the best in comfort, style and safety. Every yacht boasts high-performance sailing, luxurious accommodation, vast living spaces, extravagant and innovative design features.

Green Technology

The innovative green tech features of the Sunreef 70 Eco comprise Sunreef Yachts proprietary solar power system with panels fully integrated in the yacht's hulls, superstructure, mast and boom, covering 143m² of surface. Offering record-breaking energy efficiency, the system can deliver up to 30kWp and uses the industry's lightest solar power solution. With a density below 6kg / kWh, the state-of-the art battery bank is close to 30% lighter than the systems commonly used in the yachting world.</p>
