Glaçons : Non
Four : Non
Réchaud gaz : Non
Chauffage : Non
Lave-vaisselle : Non
TV : Non

Divers

SAILING SIMPLICITY - Sailing the Y75 BREEZE is simple in the large cockpit, with all halyards, sheets and trimming lines concealed and leading aft. The high bulwark avoids the need for pulpit or stanchions and offers safe and dry sailing in choppy conditions. Electric push buttons control jib, self-tacking jib, mainsail and atomised furling.

FUN AT SEA

Designed and built for fun, just as much as performance, the YBREEZE 75 lets guests enjoy water- sports equipment like jet-skis, surfboards and water slides all stored in the yacht's roomy garage. As an option, owners with smaller children, may opt to have a playroom fitted.

CRAFTED COMFORT + ICONIC DESIGN

Roomy and airy below deck, the Y75 BREEZE offers the space of a traditional 70ft luxury yacht with 3 cabins, 3 showers and 3 heads, a beautifully crafted galley and impressive saloon.

The cabin atmosphere is luxurious and light, feeling rather like a high-end penthouse.

Inspired by the America's Cup AC 75 yachts of the early 2000s, the YBREEZE 75 is the world's first yacht to offer openable hull wings for a larger aft platform. With the low coach roof almost invisible, the YBREEZE 75 sports a very dynamic look, pointing to breathtaking performance intentions .

OCEAN FRIENDLY

To reduce the Y75 BREEZE's carbon footprint, we have invested in redesigning our Greifswald yard in Germany, making all processes as sustainable as possible. For instance, only offcut veneer sourced from exclusive furniture producers is used and interior bulkheads are made of sustainable epoxy composites.
