Divers

Remarks :

This Merry Fisher 695 presents as a well-cared-for and thoughtfully upgraded example. The hull was copper coated in 2020 for reduced maintenance, and it is powered by a Yamaha 150HP 4-stroke outboard showing 181 hours as of November 2025. Mechanical care has been thorough, with a full service completed in April 2025, new injectors fitted in June 2025, and new hydraulic steering hoses installed in August 2025.

The boat is equipped with a bow thruster for easy manoeuvring, along with two serviceable batteries replaced in 2022. A new enclosure was fitted in 2024, enhancing comfort and extending the usable season. Electronics include a Garmin Echomap 755W with fishfinder and chart card, paired with a Garmin VHF for reliable communication.

Overall, this is a smart, lightly-used Merry Fisher 695 benefitting from key maintenance, sensible upgrades, and low engine hours—an appealing choice for cruising, fishing, or family days out.

Accommodation :

Wheelhouse and Cabin:
Glass sliding door to modern light wheelhouse and cabin
Wooden floors throughout

Curtains to windows and hatches

Carbon grey upholstery throughout

TV
Cabin lights
12V electrical socket

Galley to starboard:
Sink with pressurized cold water tap
Draining board
Camping gas stove
Ample stowage
Port and starboard sliding windows
