## Divers

**Remarks :**

**Halmatic Weymouth 34 &ndash; Project Opportunity | Dover, Kent**

A rare opportunity to acquire a classic **Halmatic Weymouth 34**, built in **1973 (Hull No. 4068)** by the highly respected Halmatic yard. Known for their robust construction and seakeeping abilities, Weymouth 34s have long been favoured by serious cruising enthusiasts.

This particular vessel has been **privately owned and used solely for pleasure**, and we are advised that her original owners commissioned the fitting of a **large belly fuel tank**, specifically to allow for extended-range cruising, including a passage as far as **Gibraltar**&mdash;a clear testament to the confidence placed in her design and capability.

Due to a prolonged period of owner's ill health, the boat has received limited recent attention and **now presents as a project**, offering an excellent opportunity for an experienced buyer to restore and recommission a proven offshore cruiser to their own specification.

The vessel is being sold by the **Executors of the owner's estate** and is offered **&ldquo;as is, where is&rdquo;** by **sealed bid**, with **offers invited over &pound;1,250**. Full conditions of sale and the sealed bid submission form are available upon request.

**Sealed bids must be received by 12:00 BST on Thursday, 29 January 2026.**

For further information, documentation, or to arrange a viewing, please contact our **Kent Office on +44 (0)1634 571605**.

**Accommodation :**

**Accommodation**

Step aboard this classic 1973 Weymouth 34 and discover a well-laid-out interior designed for comfortable cruising. The saloon features seating four, with a traditional timber finish that reflects the quality craftsmanship of the era. Forward, a cosy V-berth cabin provides sleeping accommodation for two, while the aft area offers additional berths or flexible storage, making her suitable for family or extended cruising.

The galley is equipped with a functional layout, including a stove, sink, and ample storage for provisions, allowing for easy meal preparation while underway. The head compartment is compact yet practical, with a marine toilet and washbasin, serving the needs of the crew and guests efficiently.

With a classic layout that balances comfort and practicality, the Weymouth 34 offers a warm, inviting interior ready to be refreshed or restored, ideal for those looking to bring a piece of boating history back to life.

If you like, I can also **condense this to a punchy 460-character version** perfect for a listing. Do you want me to do that?

**Inventory :**

**Safety Equipment**

- 1 x Fire Extinguisher in the saloon
- 1 x Fire Blanket
- 1 x Horseshoe Lifebuoys
- 1 x Manual bilge pump

**&nbsp;**

**Navigation Equipment:**

- Windlass &ndash; Electric&nbsp;
- Boarding ladder
- 2 x Mooring warps.
- 4 x Fenders
- Davits

**&nbsp;****Keel/Hull****&nbsp;**

- Semi-displacement hull with wheel steering&nbsp;

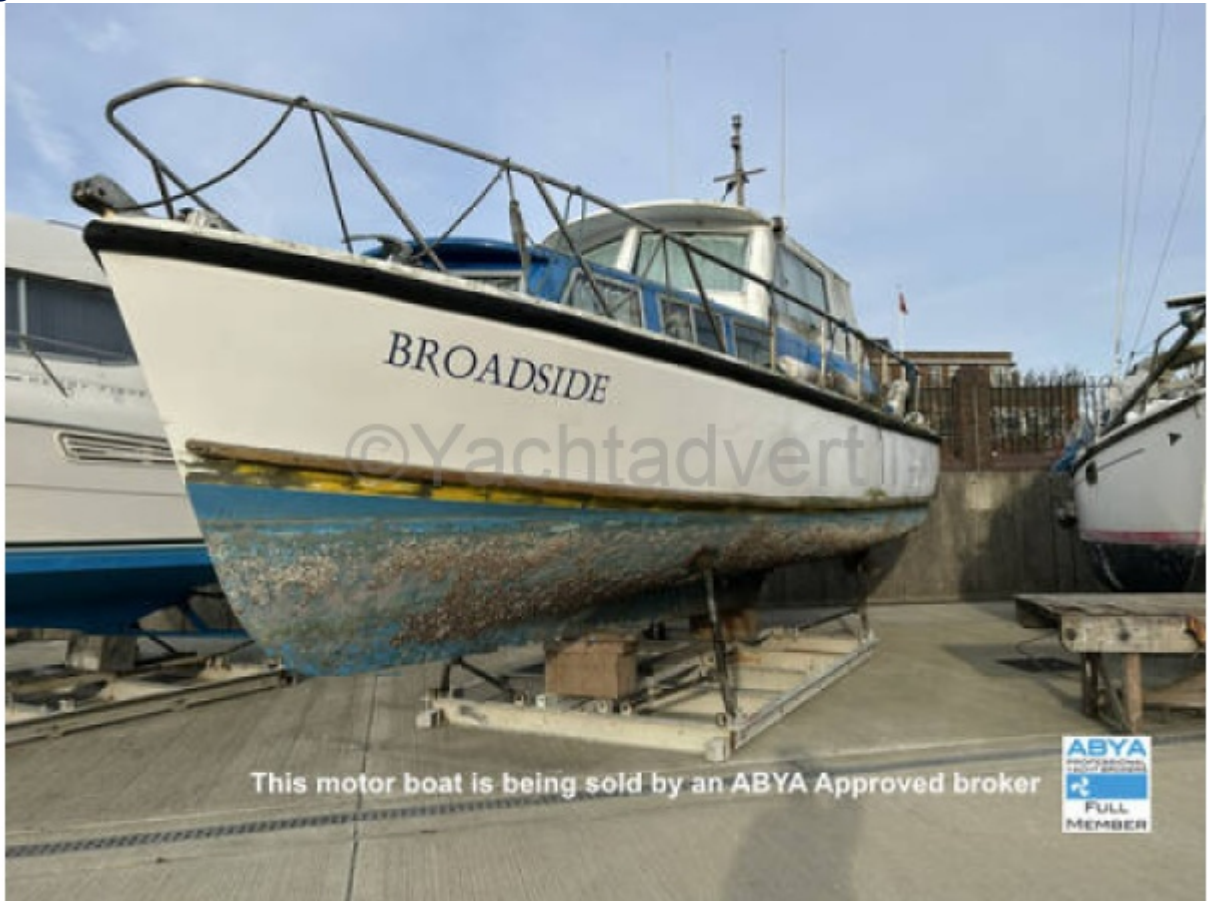

**Mechanical :**

**Mechanical Systems:**

Powered by twin DAF 345R 120hp naturally aspirated diesel engines, this Weymouth 34 offers a solid mechanical foundation for refurbishment. The starboard engine has been run ashore within the last four months, while the port engine is currently seized, presenting a clear and honest project opportunity for an incoming owner. Power is transmitted via shafts to three-blade propellers, and fuel is supplied from two substantial steel tanks of approximately 1,100 litres each, ideal for extended-range cruising once recommissioned. When operational, the vessel is capable of a maximum cruising speed of around 16 knots.

**Electrical Systems:**

The electrical system comprises four 12-volt batteries (two engine start and two domestic), with charging via engine alternators and 240v shore power, including a ring main and battery charger, providing a practical base to update or enhance as part of the refit.
