Divers

Remarks :

This 2009 Aquador 23WA is a well-presented and highly regarded Scandinavian walkaround, powered by a Cummins Mercruiser QSD 2.8L 230hp common-rail diesel engine with only 235 hours run time. She has been carefully maintained, with the last engine service in April 2025 and a comprehensive service history. Last ashore antifouled and polished December 2025.

Well equipped for comfortable cruising, she benefits from bow thruster, trim tabs, teak cockpit and bathing platform, electric anchor windlass, stainless arch with cockpit enclosure, and a practical, social cockpit layout. The cabin is finished in classic cherry wood with teak flooring, blue Alcantara upholstery in very good condition throughout, double berth conversion, sea toilet, Wallas heater/stove, fridge and shore power.

A versatile and seaworthy weekender, equally suited to coastal cruising, day boating or extended weekends aboard. A very tidy example of this popular model, ready for the season ahead.

Early viewing is recommend. Part exchange considered

Accommodation :

Wallas 1300 heater and stove

Fridge

Blue alcantara upholstery - Good condition throughout

Stainless steel opening hull port holes

Stainless steel sink with pressurised cold water

Sea toilet

Opening deck hatch
