Remarks :

The Jeanneau Cap Camarat 7.5 CC Series 3 is a versatile and stylish centre console boat designed for boaters who want equal parts performance, comfort and practicality. This model strikes an ideal balance between manageable size and impressive offshore capability, making it suitable for family outings, watersports, and coastal cruising.

Its sleek hull, designed by Michael Peters, delivers a smooth, stable ride with excellent handling, even in choppier conditions. Powered by a single outboard engine up to 300 HP, the Cap Camarat 7.5 CC offers strong acceleration and confidence inspiring performance while remaining efficient and easy to manoeuvre.

The deck layout is optimized for socializing and relaxation. A generous bow sunpad with optional backrests invites lounging at anchor, while the aft cockpit converts easily between seating and open space for fishing or watersports. High freeboards and well placed handholds enhance safety for passengers of all ages.

At the helm, the ergonomically designed console features modern electronics, intuitive controls, and a comfortable pilot seat, ensuring an enjoyable driving experience. Below the console, a compact cabin provides useful storage and the option of a marine toilet, adding convenience for longer days on the water.

Overall, the Jeanneau Cap Camarat 7.5 CC is a well-rounded center console that combines sporty performance, refined design, and smart functionality - perfect for boaters seeking freedom, comfort, and fun on the water!

This particular example comes with the full benefit of Jeanneau's 7 year hull warranty and 3 year general fixture and fitting warranty along with Yamaha's 5 year outboard engine warranty.
