Divers

Remarks :
<h1>2013 Axis A20</h1> Includes trailer, cover and spares This 2013 Axis A20 is a well-maintained example that has benefited from significant mechanical and system updates during current ownership. The boat has seen very light use, primarily in France, with modest annual running hours. A replacement engine was fitted in 2019, and due to COVID the boat saw very limited use between 2020 and 2022. During this time, and since, the owner proactively addressed a number of mechanical and electrical items to ensure reliability and peace of mind. The boat presents in good condition for its age, with only minor cosmetic marks consistent with normal use. It has never been machine polished, offering easy scope for cosmetic enhancement if desired. This is an honest, well-sorted Axis A20 offered complete with trailer, cover and spares, representing excellent value in today’s market. <h2>Key Features & Recent Work</h2> Replacement inboard engine fitted in 2019 Light annual usage New catalytic converters and lambda sensors Fresh-air exhaust system and new downpipes Twin battery system Raised helm seat Steering cable replaced (2022) Ballast pumps replaced (2022) Prop-shaft alignment professionally corrected Structurally and mechanically sound <h2>Included in Sale</h2> Axis factory trailer Full boat cover Selection of spare parts Price: £36,995
