Divers

Remarks :

Introducing *'Hendricks of Chichester'*, a standout example of the ever-popular Fairline Targa 47—an express cruiser that perfectly blends space, performance, and Fairline’s renowned build quality.

Powered by twin Volvo D9-575 engines (with very low hours), she delivers impressive performance with smooth, confident handling and effortless cruising capabilities—ideal for both relaxed coastal journeys and more spirited passages.

She is a rare example that is suitably equipped for both the UK and Mediterranean climates. Unlike most UK boats, she was built with both hot and cold climates in mind which includes full air conditioning throughout the boat including in the cockpit, as well as premium features such as an ice maker and fridge. This significantly enhances onboard comfort and usability particularly in those warmer UK and Mediterranean summers. In addition to this, she is also fitted with a full Webasto diesel heating system making her feel warm and cosy during those colder evenings.

'Hendricks of Chichester' was specified from new to an exceptionally high standard, with a number of rare factory options and significant upgrades carried out since. It stands out as one of the highest specification examples available. A key highlight is the larger upgraded generator, which allows full operation of the air conditioning system across the entire boat, including the cockpit, saloon and all cabins below deck.

Below deck, her thoughtfully designed layout offers two comfortable cabins and two heads, providing excellent accommodation for family getaways or extended stays onboard. The interior is both practical and inviting, making her feel like a true home afloat.

This boat has previously been coded for Charter but has been lightly used and well cared for. Well-maintained and presented in good condition for her age, *'Hendricks of Chichester'* is ready to step aboard and enjoy immediately.

Contact us on 01243 550042 to arrange a viewing.

Accommodation :

The yacht is designed for comfort and practical living onboard with 2 double cabins plus a convertible and a settee to make another double berth.

Saloon:

U-shaped settee in Utah Ecru leather

Telescopic table with folding leaves

Samsung Flat screen TV

Bose 321 Audio System

Fusion System

Wooden Venetian Blinds

Diesel heating controls

Heating outlet

Air conditioning controls
