Remarks :
Asking price is Kr 1,899,000 Capelli Tempest 44 Who is she? The Capelli Tempest 44 is one of the most capable RIBs ever built - a 13-metre Italian performance machine designed to eat up coastal miles in comfort and arrive fast. Triple Suzuki DF300 APX outboards deliver 900 horsepower through a deep-V fibreglass hull, and a top speed north of 45 knots means she covers water faster than almost anything in her class. This one. Delivered new in June 2015, this Tempest 44 has been maintained to a high standard throughout her life and is currently stored on a lift in Gothenburg, Sweden. All three engines have just undergone a full major service at an authorised Suzuki dealer, with hours standing at just 235, 248 and 238. Two new batteries have been fitted, and the Dometic generator has been freshly serviced with just one hour on the clock. Below deck she offers a cabin, heads and hot water - genuine comfort rarely found in a RIB of this size. On deck, joystick control, hardtop, cockpit cushions, table and shower make her homely on a long day passage or a summer afternoon at anchor. The opportunity. The Tempest 44 commands strong values on the open market, and this example - with low hours, fresh major services across all three engines, and minimal time in the water - sits at the better end of what you will find available. Offered at kr1,999,000, EU VAT paid. Stored and available to view in Gothenburg, Sweden. Contact us for the full specification sheet and to arrange a viewing.
