## Divers

**Remarks :**

*'Sulaco'* is an outstanding example of the ever-popular &nbsp;Sealine S23, a compact yet remarkably capable sports cruiser renowned for her intelligent design, performance and comfort. Presented in well-cared-for condition, she has clearly benefitted from attentive ownership and thoughtful upgrades over the years.

She boasts a very high specification which includes just some of the following, Bow thruster, Webasto heating inside and in cockpit, Mente marina automatic trim tabs, full cockpit enclosure, Raymarine plotter, Icom fixed VHF, carpet in cockpit and down below and cockpit fridge. She has also had a complete engine overhaul and rebuild of all main parts including cylinder liner kit, filters, belts, injectors, hoses and much more. All invoices and documents can be provided for these works.

If you are in the market for a Sealine S23 or similar then we strongly advise an early viewing.

Please call us on 01243 550042 for more information.

**Accommodation :**

**Accommodation:**

The accommodation comprises of a double berth mid cabin which is under the helm position. There is another forward double berth which is made by converting the dinette area in the main cabin by placing a cushion on top of the lowered down table.

There is a galley with twin gas hob and grill and a stainless-steel sink with pressurised hot and cold water. Storage can be found underneath the sink and hob with a practical hanging locker opposite.

The heads includes a shower with pump out, wash basin and a manual Jabsco toilet with holding tank.

The cockpit is accessed via a boarding gate on the stern.

She has a raised helm position with double helm seat which offers good all-round visibility and easy access to engine and navigation instrumentation. Behind the helm is a seating area with removable table. This will convert to a small double berth or sun pad area with the table in the lowered position using the infill pads provide.

**Inventory :**
