Remarks :

The SmartLiner 21 Fisher has become a very popular option for those looking for a simple, capable and affordable fishing platform, and "Serenity" is an excellent example of the type. Built in 2023 and remaining with her original owner since new, she presents as a lightly used and well cared for boat with just 98 hours on her Suzuki 100HP outboard.

The offset wheelhouse arrangement works particularly well on a boat of this size, allowing for impressive cockpit space while still providing shelter at the helm. The deck layout is clearly designed with fishing in mind, featuring rod holders, rod racks, non-slip decks and easy movement around the cockpit. The forward section provides useful storage space and practical access forward when required.

Her specification includes Garmin navigation and fish finding equipment with both a Garmin 95sv chartplotter and Garmin 56UHD sounder, alongside hydraulic steering and VHF radio. Pivoting helm seats and additional seating forward of the wheelhouse make the layout flexible and comfortable whether underway or at anchor.

"Serenity" would suit a wide variety of buyers, from first-time boat owners looking for an easy to manage coastal fishing boat through to experienced anglers wanting a low maintenance and economical platform. A straightforward and practical package that offers excellent usability for coastal fishing and day boating alike.

Brokers Remarks

"Serenity" is exactly the sort of boat that appeals to buyers wanting uncomplicated boating with a genuinely practical layout. The offset wheelhouse gives far more usable deck space than many boats in this size range and the whole package feels very straightforward and easy to own. Having had just one owner from new and low engine hours, she appears to have been lightly and sensibly used. For anyone looking for an affordable coastal fishing or leisure boat that is easy to launch, maintain and enjoy, she makes a lot of sense.

Accommodation :

Inventory :

Cockpit and Deck

- Spacious aft fishing cockpit
- Rod holders
- Rod racks
- Additional seating forward of wheelhouse
- Easy access side decks
- Non-slip deck surfaces throughout

Electronics and Navigation

- Garmin 95sv chartplotter
- Garmin 56UHD sounder
- VHF radio

Wheelhouse

- Offset wheelhouse layout
- Excellent cockpit visibility
- Wheelhouse blind
- Simple and practical helm arrangement
- Pivoting seating for helm and companion

Misc and Safety

- Boarding ladder
- Grab rails
- Anchor locker
- Anchor, Chain and Warp
- Ropes and fenders

Mechanical :
