Divers

At Simbad, we believe you shouldn't have to choose between a stripped-down, mass-produced catamaran and a custom yacht that offers innovation and luxury design, but comes with a luxury price tag and a long wait.

Simbad 55 leaves that trade-off behind. We've reimagined what a catamaran can be, blending cutting-edge technologies with efficient production and meticulous craftsmanship.

The Result? A yacht that offers the sophistication and performance of a custom build, at the price and pace of a mass produced boat.

Our catamarans come fully equipped with everything you need for your journey, from a dinghy to champagne in your fridge. The moment you step on board, you'll realise there's no reason to stay on land a second longer.

Sail ready equipped

Born from the collaboration of marine experts, engineers, designers, and a focus group of real catamaran owners just like you, Simbad offers three distinct versions; each crafted to meet different needs at sea:

Version Legend; for those who seek perfection without compromise

Version Ultra; for those who want balance in every aspect

Version Select; for those who appreciate efficient, no frills solutions

Decide on your needs

1. With Simbad SplitSail, you get to share the costs, without having to share the joy of the journey

2. Simbad Care management and service program, this can finally be your reality.

We take care of every aspect of the yacht's upkeep, guaranteeing absolute peace of mind, so your time on board can be effortless.

Simbad Care - Full-service Yacht Management Program is now available for all Simbad Yachts

Imagine: you step on board and set sail immediately, no hassle with preparation, maintenance, or storage.

3. The Simbad Income program is designed for yacht owners who want to generate passive income without the burden of managing their vessel, including guarantee revenue
