Divers

Remarks :
<p>This is a superb example of a Beneteau Oceanis 34.1 a yacht that combines modern styling and design, exhilarating sailing performance and exceptional cruising comfort. Designed by Marc Lombard with an interior by Nauta Design, the Oceanis 34.1 is a remarkably spacious and capable yacht for her size. Her Modern Hull, generous beam and intelligent use of space create a yacht that is both exciting under sail and wonderfully comfortable at anchor.

Powered by a well-maintained Yanmar 3YM30AE 29 hp three-cylinder diesel engine, she has dependable auxiliary power when you need it; she is responsive under power, giving her excellent manoeuvrability in harbour. Under sail, the Oceanis 34.1 really comes alive. Her modern hull design provides a responsive, rewarding sailing experience, while the well-proportioned sail plan and thoughtfully arranged deck layout make her highly manageable for cruising. She is equally suited to relaxed family sailing as she is to longer coastal adventures.

Down below, the atmosphere is light, bright and contemporary. Generous glazing floods the interior with natural light, while the clever layout makes this 34-footer feel surprisingly spacious. The comfortable saloon provides an inviting gathering space, complemented by a practical galley and well-appointed accommodation for weekends away or extended cruising.

The cockpit is another highlight, offering plenty of space for relaxing, entertaining and enjoying life afloat. Whether you're hosting friends for lunch at anchor or settling in for an afternoon sail, the Oceanis 34.1 makes it easy to enjoy your time on the water.

Boasting high-quality sail wardrobe 'Calelia' is ready to sail away at a moments notice.

'Calelia' is available to view 7 days a week. If you would like to arrange a viewing please contact Douglas Ross on 07469972705.
