Remarks :
<p>The Moody 31 MkII is a well- proven British cruising yacht, combining excellent sailing performance with a comfortable and practical interior. Designed by Bill Dixon, she offers the reassuring handling and solid build quality for which Moody yachts are renowned, making her equally suited to relaxed coastal cruising, longer passages and extended weekends afloat.

With her spacious cockpit, sensible deck layout and easily managed rig, the Moody 31 MkII is a particularly appealing choice for couples or small families looking for a capable and comfortable cruiser. Below deck, the accommodation is warm and practical, with a well-equipped galley, comfortable saloon, separate heads and generous sleeping accommodation.

Her moderate draft and manageable dimensions make her easy to handle while still providing the stability and seaworthiness expected of a yacht in this class. The MkII benefits from Moody's thoughtful approach to cruising, with excellent use of space and plenty of useful storage throughout.

'Marie of Malew' has been carefully restored to her former glory with maintenance and upgrades done by a competent owner.
With all new Rigging and sails, Boom and gooseneck, Furling gear, upgraded electronics, New headlining, refurbished windows and a well-serviced engine, this is one of the best Moody 31 MkII's on the market.

A highly regarded cruising yacht with a strong reputation for quality, comfort and dependable sailing, this Moody 31 MkII represents an excellent opportunity for anyone looking to step aboard a classic British cruiser and start exploring the coast.
