Broker Remarks
2020 Beneteau Oceanis Yacht 54 | Owner Version | Dock & Go | Extensive Med Specification
Privately owned and never chartered.
A beautifully specified and extensively upgraded Beneteau Oceanis Yacht 54, carefully equipped for comfortable Mediterranean cruising and long-distance liveaboard use. Built in 2020 and presented in outstanding condition, this yacht combines the luxury, space, and sailing performance the Oceanis Yacht range is known for, with numerous recent upgrades completed since 2024, requiring no further investment for immediate cruising.
Since current ownership, the yacht has been used seasonally during Mediterranean summers and professionally winter-stored ashore for extended periods each year, resulting in notably reduced environmental exposure and overall wear compared to vessels kept continuously afloat year-round.
The yacht features the highly desirable 3-cabin/2-heads layout with a separate crew cabin, a spacious cockpit with twin helm stations, a tender garage, and a large bathing platform, creating an ideal setup for family cruising, entertaining, or extended stays aboard.
Powered by the Yanmar 4JH80 diesel engine with Dock & Go joystick control, she offers extremely easy manoeuvrability both underway and in marinas. Currently lying in Port Ginesta, Barcelona, with easy access just 15 minutes from Barcelona International Airport.
Available for viewing by appointment.
In addition to the listed specification, the yacht will also be supplied with an extensive range of onboard equipment, practical cruising accessories, spare parts, tools, and engineering consumables accumulated over its ownership.
Owned and maintained by an experienced engineer, the yacht has been carefully upgraded and proactively maintained to a particularly high standard. The owner is also available, if required, to assist a new owner with familiarisation and operational handover following purchase. Assistance with yacht delivery within Europe may also be available for a new owner by separate agreement, subject to timing and destination.
The Oceanis Yacht 54 is widely regarded as one of the most successful luxury cruising yachts in her category, offering excellent sailing performance, exceptional onboard comfort, a bright, spacious interior, and outstanding exterior living spaces. Few Oceanis Yacht 54s currently available offer this level of specification, recent investment, and cruising readiness.

Custom hardtop with integrated plexiglass panels
Full 3M Gloss Anthracite hull wrap completed May 2025
Integrated 1000W solar system
Victron MPPT charging system
3000W pure sine wave inverter
New AGM battery bank installed May 2025, consisting of 6 × Seamaster Dual 140Ah AGM (840Ah)

© yachtadvert.com 2026

SeaWater Pro 40GPH watermaker

B&G marine mast-mounted camera system
Ultra Marine UA45 45kg anchor
TEMO 1000 electric outboard motor
Washing machine installed (7kg Load)
Fresh antifouling and recent engine/transmission service (May 2026)
Sails professionally cleaned & serviced (May 2026)

BROKER COMMENTS

Few Oceanis Yacht 54s currently available on the European market combine this level of specification, owner-focused upgrades, and a documented maintenance history. This yacht stands apart from many comparable examples thanks to private ownership, limited seasonal use, professional winter storage ashore, and substantial investment in cruising autonomy, onboard systems, and preventive maintenance.
The combination of upgraded energy systems, Hydranet sails, Dock & Go joystick control, watermaker, generator and extensive liveaboard equipment creates a genuinely turnkey Mediterranean cruising platform ideally suited to experienced owner-operators seeking a refined and easily manageable luxury cruising yacht. Early viewing is strongly recommended.

Accommodation
The Oceanis Yacht 54 offers a bright and exceptionally spacious interior designed for comfortable long-term cruising and onboard living. The desirable owner's version layout includes a large forward master cabin, two generous aft guest cabins and a separate crew cabin, complemented by a refined saloon finished in Gloss Oak Alpi with panoramic hull glazing and excellent natural light throughout. The practical C-shaped galley is fully equipped for extended cruising and liveaboard use, including induction cooking, dishwasher, refrigeration and generous storage capacity.
SLEEPS UP TO SIX IN THREE DOUBLE CABINS (3 CABINS 2 HEADS) + 1 IN FORWARD CREW CABIN with his own head
