TV SAT : Non	TV : Non

Divers

<p><p>This Sunseeker Manhattan 50, built in 2006, is a stylish and well-appointed motor yacht that combines British craftsmanship, strong performance, and luxurious comfort. Powered by two MAN diesel engines, each producing 588 kW (800 hp), she delivers a smooth and confident cruising experience. The yacht is located in Germany and is in excellent condition, both technically and cosmetically.</p><p>Measuring approximately 16 meters (50 feet), this yacht offers a spacious and thoughtfully designed interior. The interior finish in rich cherry wood creates a warm and refined atmosphere. The bright salon on the upper deck features large panoramic windows, a comfortable seating area, and an integrated entertainment system.</p><p>The galley is located on the lower cabin deck, separate from the salon, offering a more practical and quiet arrangement. It is fully equipped with a ceramic hob, microwave, refrigerator, sink, and plenty of storage â€“ ideal for extended cruising.</p><p>There are three cabins accommodating up to six guests. The full-beam ownerâ€™s stateroom amidships is a standout feature, offering a generous double bed, ample storage, and a private en-suite bathroom. A VIP cabin forward and a twin cabin complete the accommodation layout, sharing a second guest bathroom.</p><p>The spacious flybridge features a second helm station, sun loungers, a wet bar, and a social seating area â€“ the perfect spot for relaxing at sea. The cockpit is laid in teak, as is the flybridge, which enhances the yachtâ€™s premium look and feel.</p><p>Technical equipment includes bow thruster, generator, air conditioning, navigation systems, electric gangway, and a tender with outboard engine. All maintenance has been carried out regularly and professionally, with full documentation.</p><p>The Sunseeker Manhattan 50 is an exceptional yacht that stands for quality, elegance, and comfort â€“ ideal for discerning yacht owners.</p></p>
