**Remarks :**

**\*Beautiful Blue Water Ketch | Helmsman Bosun Queen 55**\*

\*\*\*Big Reduction - Price now firm\*\*\*</strong></p><p>Bosun Queen 55 with RORC certification (expired), built in GRP in Sweden, this large ketch is a capable and safe blue water cruiser, comfortable with either gentle cruising or racing.&nbsp; Her pedigree from the quality of build and on board refinements are evident through out and testament to the HELMSMAN shipyard, the Bosun Queen has very much the styling and quality of build likened to the Nautor Swan. She even carry's the characteristic Swan Arrow on the topsides.</p><p>Designer:&nbsp;<strong>H&aring;kan S&ouml;dergren&nbsp;and Lothar K&ouml;hler</strong></p><p>Builders<strong>&nbsp;Helmsman Yachts&nbsp;</strong>located near Stockholm, Sweden.</p><p>The current owners are marine professionals and purchased her for their own extended cruising in 2014/15; they undertook some refitting, including a rebuild of the engine. Neraida has been ashore for a couple of years, and is ready for a new owner to get her ready for serious cruising again. (Tender not included in the sale)</p><p><strong>Refit Works include (photos on file):</strong></p><ul><li>Removal of Engine for complete rebuild 2015</li><li>All through hulls 2015</li><li>Switchboard wiring removed and Completely rewired 2015</li><li>Installation of Hot Water Calorifier 2015</li><li>Modified Pushpit to accommodate Solar Panels 2015</li><li>Interior Cushions and Upholstery replaced 2015</li><li>Antifouling taken back to gelcoat 2015</li><li>Cabin Soles varnished 2015</li><li>Integrated Air-conditioning for use in the Marina (fitted 2019 approx)</li><li>WEBASTO heating for at anchor</li><li>Rewired in 2015 including all nav lights</li><li>Comprehensive electronics systems, including wifi, iridium satellite phone, usb ports and integrated screens for chart data or entertainment</li><li>Teak decks were replaced on 2007 by previous owner along with standing and running rigging (2005)</li></ul><p>Owner's comments: We sailed&nbsp;on this superb sailboat&nbsp;for several years as a couple, with a young child on board. Fast and seaworthy, this large Ketch has quality fittings that allowed us to handle without any additional crew. Our circumstances have changed, and it is time to say fair winds to whoever takes her helm.</p><p>Serious sailors only need to see her once to fall in love and imagine blue-water cruising and worldwide adventures.... early viewings recommended, there are few opportunities left to own a&nbsp;yacht of this pedigree. We have lots of photos and video, contact us for a link to view.</p><p><strong>General note on safety equipment:&nbsp;</strong>Any safety equipment such as liferaft, fire extinguishers and flares etc., are usually personal to the current owner(s) and&nbsp;<em>if</em>&nbsp;being left on board as part of the sale of a used vessel, may require routine servicing, replacement, or changing to meet a new owner&rsquo;s specific needs.</p><p>wner&rsquo;s specific needs.</p>

**Accommodation :**

**Interior**</p><p>Forward Double with Own WC and Sink and a Laundry Space with Storage opposite and separate to the Main Salon

Saloon with bench seats and large folding table

Chart table with nav instruments

Ample storage throughout the boat

Varnished teak and holly sole cabin

Varnished teak cabinetry through-out

Washing machine

**Sails - Sails old but serviceable**

Main - older than the other sails but serviceable

Mizzen

Storm sail

Asymmetric spinnaker

Spinnaker

General note on safety equipment:

Any safety equipment such as liferaft, fire extinguishers and flares etc., are usually personal to the current owner(s) and

being left on board as part of the sale of a used vessel, may require routine servicing, replacement, or changing to meet a new owner's specific needs.

**Mechanical :**

Engine removed for overhaul - 2014/2015

The sails are older, but serviceable

The rig should either have a rig inspection due to age, many insurance companies ask that standing rigging is replaced every 10 years or a rig inspection.

Standing Rig reported to have been changed in 2005.

Last rig inspection by riggers 2015 before trip UK to Med.
