## Divers

### Remarks :

The Seaward 29 is a powerful, robust, and safe twin-engine offshore cruiser. She offers a very high standard of seakeeping, comfort and handling. With her contra-rotating props and bow thruster she is extremely easy to manoeuvre in the tightest of marinas. 'Dupion' is in first-class condition throughout, having been meticulously maintained by her present owners.

She is without exaggeration; absolutely 'as good as new'. Her engines were serviced in November 2024 and she is ready to go for this season. Dupion comes with a very high specification. She offers really comfortable coastal and offshore cruising. Her navigation equipment is of the highest quality and includes radar and AIS. The forward cabin has a large v berth that makes into a double. The heads compartment is large with a hot shower and electric heads. The Seward 29 is the perfect combination of practical classic design and superb cruising capability. She offers comfortable cruising for days on the water or extended channel crossings. She is currently ashore and can be viewed 7 days a week. Please call Howard Ross on 07590 847548 for more information and to arrange a viewing.

### Accommodation :

The Seaward 29 sleeps four. The forward v berths convert to a double with a fill-in. The wheel house settee makes into a double.

The heads compartment has a sink with hot water shower, vanity unit and electric heads. The galley has dry storage, induction hob, combi microwave, refrigerator and stainless steel sink.

The cockpit has a full tent canopy and comfortable cushions.

### Inventory :

Raymarine Axiom colour plotter
