Remarks :
Contessa 26 for sale in Kent This Contessa 26 offers four-berths in two cabins. Featuring a traditional long keel with a keel hung rudder with tiller steering with a masthead Bermudan sloop rig. Designed by Doug Peterson and built by Jeremy Rogers, this Contessa 26 is fitted with Depth Gauge, Speed, Log, Steering compass and Simrad Chart plotter. A berth at Gillingham Marina, Kent is also available. Please call our Kent – Chatham Office+44 (0)1634 571605 for further information or to arrange a viewing.
Accommodation :
The Contessa 26 provides accommodation for four people across two cabins. The forward cabin features a double V-berth with an infill and under-berth storage. Moving aft, you'll find the heads compartment situated between the forward cabin and the main saloon. It includes a marine sea toilet to starboard with storage behind. Opposite the heads compartment to port is a hanging storage locker. The main saloon features settees on both port and starboard sides. Behind the backrests, you'll find shelves and lockers for additional storage, with more space available beneath the seating. The galley is situated on the starboard side, featuring a single stainless-steel sink with manually pumped cold water, a Origo 1500 single burner gas hob, a work surface, and racks for cutlery and a crockery drawer. Opposite the galley to port is a chart table with chart storage with shelf storage. Stepping out of the companionway, you'll find a spacious aft cockpit. The cockpit features bench seating to both port and starboard sides, along with tiller steering and navigational aids, including a Chart plotter, depth gauge, and speed log, and engine controls positioned at the stern.

History and Construction This is a lovely cruiser racer, was built by Jeremy Rogers and was designed by Doug Peterson in 1971. The current owner has enjoyed the vessel for the last 2 and half years and is now looking to move sell due to buying another boat. This Contessa 26 features a white GRP hull and superstructure with white non-slip painted surfaces, self-draining cockpit, stainless steel stations and pulpit. Its stability is ensured by a traditional long keel with a keel hung rudder with tiller steering.
