Various

Remarks :

The Sigma 36 was strongly built by Marine projects of Plymouth and they have earned a great reputation as being fast easily handled cruiser racers.

QueSera is in good condition , her hull has been epoxied and she had her mast, boom and all rigging replaced in 2017. She also had a new main and genoa from Sanders sails of Lymington in the same year. She has been re-engined with a Yanmar 3GM 30 engine that has been very well maintained.

The Sigma 36 sleeps 7 in two double cabins and the saloon. The saloon is spacious with very good head height. She has a good sized heads compartment and a galley with oven,grill and two burner, also a refrigerator and dry storage.

The Sigma 36 is a quality built sturdy yacht that is very well balanced and performs equally well on race night and on the longest passages.

She can be viewed 7 days a week afloat in Lymington.

Accommodation :

The Sigma 36 sleeps 7 in two double and three single berths. The saloon is spacious with over 6ft headroom. The heads compartment is a good size and she has a practical galley with oven , ice box and plenty of dry storage.
