Remarks :

*** Part exchange considered ***

This particular example is afloat with us in Chichester Marina and can be viewed at a moments notice. She can be commissioned and made ready for the beginning of Summer!
/p><div>The specification of this boat is for this exact example. Further custom options can be added by local professionals to create your dream yacht!
/div>This new Series 2 Merry Fisher 695 is an evolution of this popular model, building on its previous success whilst adding some nice touches from its larger sibling. The Merry Fisher range is very well established and regarded with this Series 2 now offering its owners increased comfort from a designed co-pilot seat and gas burner in the galley to further enhance your enjoyment afloat. Our MF695 also comes with a separate heads compartment for privacy and convenance which allows for day trips or overnighting to suit.&nbsp;

The MF695 is a versatile boat as she can be transported and launched off a trailer allowing for her to be used in different settings. She also has been primarily designed for cruising but can be utilised for fishing, especially with the modular seating and removable table on the aft deck which can create a large open space for this activity.

This example is a high specification which includes, Stunning Legend (Blue) Hull, Yamaha 150hp, bow thruster, anchor windlass, fridge, galley, swim platforms, marine toilet, carpet, shore power, storage rack for paddle boards, u-shaped seating, fold out bench and more...

This particular example comes with the full benefit of Jeanneau's 7 year hull warranty and 3 year general fixture and fitting warranty along with Yamaha's 5 year outboard engine warranty.

Accommodation :

The MF695 is an adaptable pilot house style boat which works well in Northern European and UK conditions, as come rain or shine you can enjoy your time afloat. The solid-state aft doors provide a draft free interior as well as a lock and leave capacity with far less&nbsp;maintenance than a canvas backed alternative. There is also opening windows on both sides of the saloon in addition to which is an opening roof hatch which allows for lots of ventilation when the weather is good to "open" the boat up.

On the Portside is the saloon table with a clever co-poit seat that can be aft facing to be part of the table seating or pivoted forward to be a co-pilot seat to be fully engaged when underway. The helm seat is situated on the starboard side with the galley located behind which accommodates a sink and gas burner, essential for a cup of tea!

Further forward the marine heads/toilet have there own compartment with door and sink. There is a sleeping area which can accommodate two people which runs along the hull on the Port side forward.
