TV : No

## Various

**Remarks :**

The Cranchi Endurance 41 offers Performance, Comfort, and Stunning design&mdash;a fun sports cruiser built for weekend getaways with all the comforts of home. &nbsp;Below deck, there is a spacious aft cabin with 2 berths or a converted double, with a vanity sink and mirror and wardrobe/cupboard space. To port is a functional galley with plenty of storage, and the main salon has a large dining area with leather seating which is convertible to a large double with a 2nd fridge below the modern AC/DC control panel, a mounted TV and stereo for music inside or out. The WC and Shower room is to starboard, and features an electric toilet.

Outdoor spaces continue the Italian styling with plenty of sun pads and a dining/seating area in the cockpit with its own outdoor fridge, sink and barbeque for alfresco dining. The decks are maintenance-free with new synthetic teak throughout the cockpit and swim platform.&nbsp;The hull is finished in a striking painted blue, a smart upgrade over traditional blue gelcoat, which is known to fade over time, ensuring a vibrant and long-lasting appearance.

Powered by twin Volvo Penta D6 engines, the Cranchi Endurance 41 is capable of speeds over 30 knots, and offers fuel efficiency when cruising at lower speeds. A tender is included and nicely hidden away in the electric lifting garage. Features like these are found on much larger boats and this boat also includes a hydraulic passerelle, which folds away neatly behind a letterbox-style flap.

The Cranchi Endurance 41 is an excellent choice when looking for a comfortable day cruiser/weekender.

**Accommodation :**

**Manufacturer Provided Description**

A really sporty class of boats, all sharing a bold line and great allure. An incisive design, strong in the knowledge that it's a classical style looking to the future. The level of performance is the maximum in this category, thanks to the choice of spirited engines, able to develop a lively power. Refinement and elegance are the two continuous themes, applied to all the solutions adopted: from the sporty seats, with their enveloping structure (that guarantees good support both lateral and lengthwise, appropriate for the characteristics of the boat) to the reclining chair with its footrests that offer the thrilling "fast" driving, designed for that taste of all-round freedom.

**General note on safety equipment:** Any safety equipment such as liferaft, fire extinguishers and flares etc., are usually personal to the current owner(s) and if being left on board as part of the sale of a used vessel, may require routine servicing, replacement, or changing to meet a new owner's specific needs.

**Mechanical :**
