Remarks :

The Maxi 1050 is a high quality Swedish performance cruiser. They are stable safe cruisers with a very good turn of speed. They offer superb accommodation with great sailing characteristics .

Moon Dust is in excellent condition throughout. She has been particularly well maintained and updated by her present owner. While she could be setup for club racing she has only been used for cruising . She can sleep up to 7 and has all the facilities that will keep the most demanding crew happy, this includes hot air heating ,hot and cold water, good sized heads, a large galley with a refrigerator, an oven with a grill and two burners. Her high quality joinery gives her interior a bright warm quality feel. All her upholstery is in good condition.

She is comfortable cruiser easily handled single or short handed with a roller furler genoa ,all lines lead back to the cockpit, and autohelm system.

This Maxi 1050 is ready to go for this season and is probably the very best example on the market.

She is available to be viewed 7 days a week in the Southampton area. Please call Howard Ross on 07590 847548 for more information and to arrange a viewing.

Accommodation :

The Maxi 1050 sleeps 6-7 in two cabins and the saloon. The forward cabin has a v berth with a fill in. An opening hatch and storage. The saloon is light and spacious with a large folding dining table . The aft cabin has a large double berth with a hanging locker. The heads has a hot water shower, vanity unit, wet locker and sea toilet.
