Various

Remarks :

The Sealine F33 is a popular flybridge cruiser that combines space, comfort and performance to create a highly desirable model from the well renowned Sealine yard. The Sealine F33 has maintained a good reputation over the years for being well designed and solidly built. It's a popular choice for people looking to spend extended time on the water or long weekend getaways.

'Beaune Voyage' is powered by Twin Volvo Penta KAD32 diesel inboard engines. She comes equipped with an extensive inventory which includes some of the following options; Bow thruster with new battery in 2021, Raytheon ST6000+ Autopilot, Raymarine Axiom 9 and 7 inch plotter and Ray 73 VHF (New October 2025), Eberspacher heating, Electric fresh water quiet flush toilet to holding tank, Full cockpit covers and flybridge tonneau and more.

This example has spent many years of its life in fresh water up on the Thames so a boat safety certificate could be re-instated.

She has got particularly low hours and has always been serviced in more recent years by a Volvo main engineer.

She is afloat in Chichester marina and available to view 6 days a week via appointment.

Please call us on 01243 550042 for more information.
