Remarks :

"Amelia" - A meticulously maintained 1978 Westerly 33 **Sloop**, an **extremely high spec** true classic cruiser. Her current owners have prepped her for blue water sailing, with many upgrades allowing extended time to be spent onboard sailing without needing to call into Marina's.

To name a few - She has **400 watts of solar** linked to a 2 brand new **lithium batteries**, recent navigation upgrades including **AIS** and a **hydrovane**, a **Beta 35** inboard diesel engine, 175 litre diesel capacity, 200 litre water capacity and much much more detailed within her advert.

Her keels have been **re-enforced**, she comes with a **2 year old survey** and **recent standing rigging**.

If you are looking for a budget offshore cruiser ready to take you into blue water, then Amilia might just tick all of your boxes.

Viewing is highly recommended - Westerly 33's of this specification do not come up very often, and she is lay ashore in Pembrokeshire, ready for viewing.
