<strong>Remarks:

<strong>\*\*\* Part Exchange Considered \*\*\*</strong>

<strong>This boat is not to be missed!</strong> The boat has had every Jeanneau extra fitted, the previous owner has spent a considerable sum on upgrading the specification with no expense spared on maintenance. This is the most highly spec'd MF795 on the market.<span>&amp;nbsp;</span>

Commissioned in June 2016, "Lazy Days" has had 2 owners from new with the last owner having owned the boat since November 2017. The boat has been moored in fresh water during that time and is in excellent condition. Powered by a Yamaha 200 GTX fly by wire outboard engine which has been serviced annually with FSH. This engine is the perfect match and at 4,300rpm cruises at a very efficient and comfortable 23knots.<span>&amp;nbsp;
