Microwaves : No	Oven : No
Electric stove : No	Gas stove : No
Washing machine : No	Heater : No
TV antenna : No	Dishwasher : No
SAT-TV : No	TV : No

## Various

### **Remarks :**

Storm King stands out as a thoughtfully specified and very well equipped Beneteau Oceanis Clipper 381, set up by her current owner for comfortable distance cruising and self sufficiency aboard. She benefits from a wealth of practical upgrades including a bow thruster, Webasto diesel heating, Victron battery management, and modern Garmin navigation equipment both at the binnacle and chart table.

Above deck, she combines a strong sail plan with battened main and furling genoa, new sacrificial strip, and quality Lewmar winches, while her spacious cockpit features a folding table, stainless wheel and easy walk through transom to the sugar scoop stern. Below, her warm and welcoming interior offers a large saloon with U-shaped and sofa seating, practical L-shaped galley with extra fridge and worktop space, two generous cabins, two heads compartments, and ample storage for longer trips.

All this is backed up by a very pragmatic maintenance history, including engine upgrades, keel rebedding, and new canvas work. Storm King really is a capable, comfortable cruising yacht that is ready to go, equally at home exploring local waters or further afield a lovely example with a spec that is hard to match in her class.

### **Accommodation :</b>**

**Saloon**

Movable bench for additional seating at table

Wooden saloon table

Sofa to port

Forward bulkhead shelving with clock and barometer

Opening deck hatches and coachroof windows providing natural light and ventilation
