Remarks :

2012 Beneteau Barracuda 9 Flybridge fitted with a 300HP Suzuki V6 outboard petrol engine with circa 520 hours use.

"Ocean Bear" is a very good example of these popular sports fishing boats from Beneteau.The Barracuda 9 boasts a stylish, walkaround deck plan with wide side decks and a safe, balanced hull for a comfortable ride.

She has been well cared for by her current owner having been last served in June 2024. She has a great specification including Lenco trim tabs, bow thruster, Suzuki engine display, Lowrance GPS / chart plotter, electric windlass, holding tank, depth sounder, VHF radio, cockpit shower, cockpit fridge, battery charger and much more.

Accommodation :

Inventory :

- Chart plotter/GPS

For the fishing crowd:

A deck washing sea water electric pump.

Built in auto battery charger for when connected to shore power.

(Shore power cable inc)

3 auto electric bilge pumps.

The electric anchor windlass can be controlled from the cabin, flybridge and by remote control cable from the bow.

More leisurely use:

The freshwater tank is 100 Ltrs capacity, so lots of showers

Teak flooring on the stern cockpit.

Electric trim tabs.

Deck fittings for a pedestal teak table (included) in the stern cockpit and bow area, to allow a choice of alfresco dining.

Cockpit cushioned seating in a lovely silver grey PVC for all the stern sitting area plus one to sit up at

the bow table.

Electric pump for shower drainage.

Two ski eyes are also fitted.

The fact that this model rarely comes on the market in the UK goes to show much the owners value the almost unique walk around with high gunwales deck and sheer practicality of the vessel for SO MUCH MORE than just fishing.

It is well suited for exploration and adventure plus water sports.

Plus the odd overnight mooring.

The flybridge helm station is perfect for keeping a good lookout ahead and viewing the fun behind.
