Microwaves : No	Oven : No
Electric stove : No	Gas stove : No
Washing machine : No	Heater : No
TV antenna : No	Dishwasher : No
SAT-TV : No	TV : No

Various

Remarks :
This Cap Camarat 9.0 Centre Console is a stunning model with a Michael Peters’s hull which is both stable and powerful; providing an exhilarating ride for the helm and everyone aboard.

This example is fitted with: powerful twin Yamaha 250HP Outboard Engines that can deliver an exciting 43 knots; twin 12' Raymarine Axiom Plotters; a Raymarine Quantum Radar; AIS; and, a Raymarine Blackbox VHF to give its new owner a boat to be truly proud of.

The 9.0CC is possibly the ultimate multi-role day boat. Motorboat and Yachting have called it a true driver’s boat, while at the same time it can accommodate up to eleven people with ample seating both fore and aft. Offering outstanding performance, the 9.0cc has been designed around Jeanneau’s family-friendly DNA; there are ample hand holds; sociably arranged seating aft around a teak table (that can convert into a sunbed when needed), as well as a marine head and shower below deck for comfort and convenience.

This distinctive example of the Cap Camarat 9.0 CC has a Fibreglass T-top that provides protection from the sun and rain, as well as triple bolster seating underneath making for a generous helm station. Under the helm seat is a galley with gas hob and sink.

Some library photos being used.

Please contact 01243 550042 to arrange a viewing.

Accommodation :
The Cap Camarat 9.0 CC’s considerable amount of on-deck seating provides fixed aft seats with backrests that are flanked by an additional pull-down bench seat on the starboard side; creating a flexible L-shaped area around the telescopic teak table that can convert into a sheltered sun pad. A very large lazarette storage locker is housed below the aft deck (a further benefit of an outboard powered boat creating more internal storage). There is another hinged storage locker situated below the aft bench seat.

Further forward, behind the helm station, is a galley bench complete with sink, gas burner and fridge to help cater for lunchtime stops or evening picnics.

The helm station itself has triple bolster seating. The helm’s position is in the middle at the centre of the boat and is equipped with a full Raymarine “flight deck”; the main access to the cabin is in front of this. Being underneath the T-top and behind a generous windshield the helm and co-pilots are well protected from whatever the weather can throw at them, come rain or shine.

Further forward and directly in front of the helm station there is centre-line double sofa. This is hinged to provide top access to the cabin below making for easy transfer of cushions or other essentials. There is more seating in the

forward area complete with backrests that can be transformed into an extra-large sun pad.

On the starboard side below deck there is a separate marine head with sink, shower and opening porthole. In the main cabin there is a comfortable sleeping area forward with mattress, opening hatch for ventilation. Towards the stern there is a sleeping space suitable for children.
