Freezer : No	IceMaker : No
Microwaves : No	Oven : No
Electric stove : No	Gas stove : No
Washing machine : No	Heater : No
TV antenna : No	Dishwasher : No
SAT-TV : No	TV : No

Various

Remarks :

The Aqua-dock floating pontoon removes the need to antifoul her hull, or change anodes on an annual basis. It is secured to the pontoon in the usual manner, and is extremely easy to mount / dismount. You can walk on the pontoons, and get full access all around the boat, ideal for cleaning and maintenance.

If Neyland is not the location for you, the system can be easily unbolted and loaded into a van for transport to your new marina. A service we can offer if required.

Accommodation :

Very good condition

3 Years old

Can be dismantled and transfered to new location with ease (We can assist if required)

Or, can be left on berth with permission from Neyland Yacht Haven

Grey in colour

Bow cleat

Centre rollers

3 Years old

Taken from the Aqua-dock website -</p><p>Years of experience combined with in-house design and manufacture has enabled Aqua-dock to provide docking and pontoon systems for personal and private use. Our systems are durable, stable in all water/weather conditions and require minimum maintenance but are also economical allowing your original design to be quickly expanded or totally changed when required. The modular pieces easily fit together to provide a completely stable platform which will adjust to fluctuations in the water level. As reconfiguration is easy and using our full range of extras, you can create your perfect waterfront environment at a surprisingly low cost. We can assist in designing and choosing the right system and ensuring that all the relevant permits are complied with.</p><p>Aqua-docks’ modular construction and durable, lightweight design can be incorporated into every leisure, sports and recreational location. Construction is quick and easy with great flexibility which allows our systems to meet every requirement at short notice. We can help you to respond to your customers’ needs and every unique challenge with no fuss and minimum planning.</p><p>Our systems are extremely hard-wearing and need little maintenance thus reducing your overheads and hidden costs. All the systems are designed to endure heavy use over long periods and being modular allows you to redesign or replace any parts economically and quickly as your events become more popular. The Aqua-dock system is easy to use and will enable any establishment to safely respond to their users’ requirements at short notice.</p>Inventory :<p>Very good condition<p>3 Years old<p>Can be dismantled and transfered to new location with ease (We can assist if required)<p>Or, can be left on berth with permission from Neyland Yacht Haven<p>Grey in colour<p>Bow cleat<p>Centre rollers
