Summary of the strengths of the Maxus 24 EVO integral derivative
Strength

Description

Reduced draft

Navigation in shallow waters, easy beaching and transportable

Careful habitability

Two double cabins, kitchenette, bathroom, generous headroom

Modern design & ergonomics

Elegant line, comfortable cockpit, accessible controls

Performance & stability

Good sail area, good ballast, smooth and reassuring behavior

Maneuverability & transport

Simplified rigging, easy transport on trailer

Facilitated coastal navigation

Controlled beaching, effortless departure, local use (testimonials)

In conclusion

The Maxus 24 integral derivative version stands out for its rare combination of accessibility (low draft), comfort, performance and ease of transport.

It is the ideal choice for coastal boaters who want to both navigate in shallow waters, enjoy a convivial interior and benefit from a good navigation experience. More details and pictures on xboat.uk
