Various

<p>XBOAT ref :6199.

The Excellence 38 is positioned at the top of the range for flybridges of this size while offering a particularly interesting price/performance ratio. With an elegant classicism, it stands out for its classic look, without artifice, with priority given to comfort at sea and in port. The deck salon is bright, the flybridge is surprisingly spacious and perfectly suited to relaxing and comfortable navigation.

The finishes are of very high quality with varnished floors, the joinery is in varnished blond mahogany. Moreover, the Excellence features a large aft platform capable of supporting the tender. The cockpit is sheltered by the canopy and is occupied at the rear by a large locker offering three seats. At sea, the Excellence, powered by its two 260 HP engines, ensures excellent seakeeping.

My Excellence 38 is maintained with particular care. Maintenance invoices available. More details and pictures on xboat.uk</p>
