This very beautiful owner's version of the PRIVILEGE SERIE 5 with 4 cabins and 4 heads is refined and contemporary with its satin-finished oak joinery and raynured flooring. The U-shaped galley is separated from the saloon by a bar counter, and the chart table is easily accessible via the large sliding stainless steel door that separates the cockpit. The central owner's suite on the bow offers generous volumes with a large separate shower and its own head. Two double cabins occupy the aft, while a 4th cabin on the starboard bow often serves as a storage area ...

Teak decking for the cockpit, 2 white lacquered aluminum davits at the stern with the fixed platform, comfortable fenders, the cockpit with its large telescopic table and large benches attest to a beautiful finish and promise great comfort.

The equipment is complete, gennaker, solar panels on a fixed arch, generator, air conditioning, desalinator, in short, a well-thought-out unit for great comfort; the electronics are not left behind, and many spare parts will delight you.

The boat is available immediately in Portugal; the owners are soon embarking on their next multi for a new program! More details and pictures on xboat.uk</p>
