Cap Camarat 7.5 WA â=€=“ 2016 â=€=“ Yamaha 225 hp â=€=“ Condition close to new!

Let yourself be seduced by this superb Cap Camarat 7.5 WA, an open walkaround that combines elegance, comfort, and performance! Launched in 2016 and powered by a powerful Yamaha 225 hp (only 120 hours), it has been maintained exclusively by a professional and is now presented in exceptional condition. Being a first-hand boat, all invoices are available.

This Cap Camarat 7.5 WA is a real heartthrob: all the interior upholstery is still in its original packaging, proof of its low usage and the attention given to its maintenance. Ready to sail without any additional costs to foresee, it will offer you unforgettable outings with family or friends.

Its advantages will surely seduce you:

â=€¢ Comfortable cabin with marine toilet

â=€¢ Kitchen corner equipped: sink + 12 V refrigerator

â=€¢ Electric windlass

â=€¢ GPS sounder Chartplotter HÃ©lix 7

â=€¢ Fusion radio

â=€¢ Shore charger and 2 batteries (one for the engine and one for service)

â=€¢ Ski mast

â=€¢ Sunbathing areas at the front and rear for moments of relaxation

â=€¢ Bimini

Versatile and user-friendly, the Cap Camarat 7.5 WA is perfect for coastal cruises, sea getaways, or water sports. Its high-performance hull designed by Jeanneau and its Yamaha 225 hp engine offer an excellent compromise between power, comfort, and safety.

Thanks to its shallow draft and respectable width for its length, the hull offers a good compromise between maneuverability, stability at anchor, and penetration capability in the water.

The deep V reduces rolling and provides a drier passage at sea (less splashing).

Longitudinal stability is optimized by the arrangement of masses (tanks, engine, equipment) to limit "dipping" or bow rise under load.

The behavior at sea is reputed to be "safe and reactive," with good agility in maneuvers.

Don't miss out on this rare opportunity: a Cap Camarat 7.5 WA that is well-equipped, lightly used, and in such condition is very rare on the market!
