Genuss Wile 470 now in the online auction. everyone can bid until 20 April 2026.

Genuss Wile 470 €“ Compact and Stylish Sloop for Relaxed Boating Trips

The Genuss Wile 470 is a compact and elegant sloop that is perfectly suited for relaxed day trips on inland waters, lakes, and calm canals. With a length of 4.70 meters and a width of 1.70 meters, this polyester boat offers surprisingly ample space and comfort for its size. The hull is designed with stability and ease of use in mind, making the Wile 470 an accessible choice for both novice and experienced water sports enthusiasts.

Genuss Wile 470 now in the online auction. Everyone can bid until April 20, 2026.

Comfortable Layout and Thoughtful Design

The layout of the Genuss Wile 470 is focused on comfort and conviviality. The spacious round seating area accommodates up to six people and is equipped with comfortable outdoor cushions. This seating area can easily be converted into a sun deck, ideal for relaxing moments on the water. The self-draining cockpit contributes to the safety and ease of maintenance of the boat, while the sprayhood provides protection against wind and sun.

The steering is done via a steering wheel, placed on the outside, which ensures direct and clear control. Thanks to the single rudder and compact dimensions, the boat is agile and easy to maneuver, even in narrower waterways or when docking.

Performance and Motorization

The Wile 470 is equipped with a Hidea HDEF20FEL outboard motor from 2022. This gasoline engine delivers 20 hp and is electrically started, significantly increasing ease of use. The engine is powerful enough to propel the boat smoothly and quietly, even with multiple passengers on board. The fuel tank has a capacity of 16 liters, which is more than sufficient for a full day of sailing without needing to refuel. A fuel gauge is present to easily monitor consumption.

With a weight of only 300 kg, the boat is light and easy to trailer, although no trailer is included in this offer. The shallow draft of 35 cm and an air draft of 145 cm make the Wile 470 particularly suitable for shallow waters and low bridges, greatly expanding the sailing possibilities.

Equipment and Extras

The Genuss Wile 470 comes with various practical accessories that contribute to comfort and safety on board. There are fenders and lines available for docking, a swim ladder for easy access to the water, and a lock with chain for extra security. Additionally, a steel jerrycan is included, handy for refueling during longer trips.

The boat is equipped with one battery, sufficient for the electric start of the engine and any additional equipment. The cockpit is self-draining, meaning rainwater is automatically drained, an important advantage for outdoor use.

Sailing Experience and Usage Possibilities

The Genuss Wile 470 is designed for relaxed day trips and is excellently suited for recreational use on inland waters. The boat has previously been used for calm trips through the polder and among reed beds, highlighting its suitability for nature areas and narrow waterways. Thanks to the comfortable seating and the possibility of creating a sun deck, the Wile 470 is ideal for families, couples, or groups of friends who want to enjoy the outdoors on the water.

Stylish and Accessible Sloop

With its modern lines, practical layout, and efficient motorization, the Genuss Wile 470 is an attractive choice for those looking for a compact sloop with plenty of comfort. The polyester hull is low-maintenance and durable, while the equipment and sailing characteristics ensure a relaxed and enjoyable boating experience. Whether it's a quiet afternoon on the lake or a trip through the polder, this sloop offers everything needed for carefree hours on the water.
