Dishwasher : No
TV : No

Various

Remarks :

Crafted by Scorpion RIBs in Lymington – now part of the Twisted Marine family – this Serket 8.1 reflects the very best of British performance boatbuilding. Designed around Scorpion’s legendary deep-V hull, every detail has been considered to deliver balance, control, and refinement on the water.

SCORPION APPROVED – Includes 3-Month Approved Used Warranty

Powered by a Honda 250hp V6, the Serket reaches around 45 knots with effortless composure. The ride is solid and predictable, with the confidence and precision that Scorpion hulls are renowned for.

At 14 years old, this example presents superbly. The hull remains fair and clean, the tubes immaculate, and the upholstery fresh with no visible signs of age — a true testament to the quality of the original build.

Finished with military grey Orca Hypalon tubes, Silvertex upholstery, and polished stainless detailing, the Serket 8.1 combines understated style with genuine capability. It’s a boat that has been built to perform, engineered to last, and finished to impress.

Whether it’s watersports with the family, or carving across the Solent, this is British engineering with soul — a Twisted Scorpion, built to go further, faster, and better.

Builder: Scorpion RIBs, Lymington (Twisted Marine)
Model: Serket 8.1
Year: 2012
Hull Number: 292
HIN: GB-SCO81292D212
