Various

Remarks :

Remarks
The Quicksilver 675 Pilothouse “Fork Handles” is a practical and well-equipped coastal cruiser. The wheelhouse provides shelter, seating, and a forward berth with cabin facilities including a roof hatch and porta potti. The cockpit is well laid out with fish lockers, rod storage, cutting board, rod holders, self-bailing deck, and flip seats. Powered by the Mercury 150 HP EFI outboard with just 186 hours and recently serviced, she also includes a 6 HP auxiliary. Antifouled in August 2025, she benefits from upgrades including new batteries, isolator, and starter motor in 2023.

Brokers Remarks
I’ve known the owner for several years; he’s experienced and has looked after this boat well. This Smart Edition Quicksilver 675 offers a great balance of practicality and equipment for fishing, cruising, or days out on the water. She’s a well-specified, straightforward example and would really shine with a clean and polish.

Accommodation :

Wheelhouse

- Wheelhouse with helm and seating
- Co-pilot seat
- Roof hatch
- Smartcraft speedometer/tachometer, fuel gauge, trim gauge
- 12V electrical socket
- Forward cabin area with 2 berths and cushions
