Various

Remarks :

The Viko 21 is a modern trailer sailor that is excellently designed to give you as much space as is possible for a 21 foot yacht. The layout of the cockpit is well designed, allowing space for you and your crew to sail freely. Down below is similarly well designed with a single cabin with two double berths. The Viko 21 is a fast, manoeuvrable craft ideal for day trips, weekend trips and racing. Her centreboard with shallow draft lets you explore coastal regions and up shallow rivers.

'Angel' was launched in 2023 and is essentially a 'new' boat. She is a high specification version of a Viko 21 with imitation teak cockpit, a backstay fitted, tricolor nav lights, a roller reefing gib, a bilge pump and heads fitted, a fixed bowsprit for a 23 square metre gennika that is new and unused and cleats fitted to aft to control the gennika. She also comes with a trailer and a 5hp Mercury Sail Master outboard. This is the best Viko 21 on the market.

This is the ideal boat for experienced or inexperienced sailors looking for an exciting time on the water on a boat that also provides some comfortable accommodation.

She is available to view in Wareham 7 days a week. Please contact Douglas Ross on 07469972705 to arrange a viewing.
