Grand Banks 36 Classic

After many years of sailing on our Grand Banks 36, we wish to move up to a larger size.

All this time, it has given us complete satisfaction, whether it be its seaworthiness, on-board comfort or its exceptional frugality (9l/h for both engines while cruising!).

Over the years, we have carefully maintained it. Propeller shafts, cooling system, thruster reversers, stuffing boxes... almost everything has been reviewed or replaced.

We are die-hard fans of the Grand Banks universe, and to top it all off, we have naturally taken care to preserve all the original interior furniture.
