Various

<p>Zijlzicht Vlet 750 now in the online auction. everyone can bid until 20 April 2026.

<h2>Zijlzicht Vlet 750 from 2008 â€“ Steel Sloop with Vetus Diesel Engine</h2><h3>General Characteristics of the Zijlzicht Vlet 750</h3><p>The Zijlzicht Vlet 750 is a steel sloop with a length of 7.50 meters and a width of 2.50 meters. These dimensions make the vessel suitable for various inland waters, including canals, lakes, ponds, and rivers. The draft is 75 centimeters, making the boat suitable for shallower waters. The clearance height of 1.15 meters allows it to pass under low bridges, increasing its usability in urban areas.</p><p>The hull is entirely made of steel, contributing to the vessel's stability. The superstructure and interior are finished with wood, providing a classic appearance. The boat weighs approximately 1,500 kilograms.</p><h3>Zijlzicht Vlet 750 now in the online auction. Everyone can bid until April 20, 2026.</h3><h3>Engine and Sailing Characteristics</h3><p>The Zijlzicht Vlet 750 is equipped with an inboard diesel engine from the brand Vetus, type 3.09. This engine delivers a power of 28 hp and is suitable for leisurely cruising on inland waters. The maximum speed is around 15 kilometers per hour. The engine runs on diesel fuel. The fuel tank has a capacity of 40 liters.</p><p>For extra maneuverability, the boat is equipped with a Vetus electric bow thruster. This facilitates docking and navigating in tight spaces. The sailing experience is described as stable, with a smooth-running engine, contributing to relaxing trips on the water.</p><h3>Interior and Onboard Comfort</h3><p>A vacuum toilet is available on board. The boat features a Kenwood sound system, lighting, and comfortable cushions. The wooden finish on the inside adds to the ambiance and appearance of the interior.</p><p>The exterior is equipped with a teak deck, which is not only aesthetically pleasing but also functionally contributes to grip and comfort. For protection against sun and rain, the boat is equipped with a bimini and a sprayhood. Additionally, there are tarpaulins available for covering during storage or transport. The boat has a swim platform and ladder, making it easy to get in and out of the water.</p><h3>Maintenance and Technical Condition</h3><p>The Zijlzicht Vlet 750 was last taken out of the water for maintenance in 2025. In the same year, the antifouling was reapplied. The boat has always been stored indoors during the winter months and has been maintained by Wester Eng in Alphen aan den Rijn. No known defects have been reported. The boat is not registered but does have a HIN/CIN number.</p><p>There are two batteries on board, providing sufficient capacity for the electrical systems and the bow thruster. New fenders and ropes have recently been added to the equipment.</p><h3>Purpose and Sailing Area</h3><p>The boat has mainly been used for pleasure cruising and day trips. The sailing areas include the Rhine, lakes, ponds, and ditches in the region. The owner indicates that the boat is suitable for relaxing summer days on the water, with enough space and comfort for multiple passengers.</p><h3>Special Features and Extra Equipment</h3><p>The boat comes with various accessories, including cushions, a new cable fender, and a complete set of sails and zippers that are in good condition.Â </p><h3>Conclusion</h3><p>The Zijlzicht Vlet 750 from 2008 is a steel sloop with a classic appearance and functional equipment. The combination of a Vetus diesel engine, electric bow thruster, and teak deck makes the vessel suitable for comfortable cruising on inland waters. The boat is designed for day trips and pleasure cruising and offers sufficient space and stability for relaxing voyages. The maintenance history and recent antifouling treatment provide insight into the technical condition of the ship.</p></p>
