## Various

Evo R6+ with his eye-catching styling is ideal for long stays on board, thanks to outstanding levels of comfort and reliability ensured by the closed deck and generous headroom in the interiors. The aluminium top is black and angular, in keeping with Evo Yachts' signature style.

The 18-meter motor yacht also features a special stern platform that makes it easy to enter the water and to launch and haul up a tender or jet ski.

### Linear surfaces

The Xtensions bulwarks system is equipped with a roto-translation system that expands the sundeck with no operation gaps. The beach area becomes even more pleasant and performing.

### A new idea

The aft sundeck is equipped with subbed and bar area. Surrounded by glass is the main cockpit area to allow you to be on deck at any time and any weather condition.

### The hybrid open

R6 mixes the sporty and sleek lines that usually define open boats with all the room and comfort of a cabin cruiser and is available in 3 different layouts and designs.
