<p>New Quality
The bold and innovative architectural concept of the superstructure made it possible to level the levels of the salon and the main deck. As a result, the largest sun deck in its class was created.

Moon Yacht is a cosmic quality at a very attractive price.

Comfort
Moon Yacht catamarans offer guests great conditions for relaxation. Such a two-hull will be perfect for seas and oceans. The combination of modern style with the concept of a traditional sailing boat guarantees unprecedented comfort.

Great Relaxation
Our unit is made of the highest quality materials.

Elegance is ensured by the bulwark trim with exclusive teak wood. Thanks to this, the catamaran has a timeless character, and the new connector concept and the elongated line of the superstructure give it a unique level of comfort.</p>
