<p>Discover the Fountaine Pajot NEW 44. This yacht is available in the British Virgin Islands.

Get ready to sail the world with Navigareâ€™s ownership programs. Request details to find out more and start your ownership journey.

Note that the offer terms and conditions may vary depending on the final chosen destination.

All the comfort you could ever wish for!
Conviviality: that's the key word the moment you step aboard this catamaran thatâ€™s designed as a little island for living on the water. Every detail has been created by our teams to ensure that the crew share the pleasure of sailing. Offshore, the FP44 ensures safety and performance, while at anchor, she offers impeccable comfort.

A new generation of catamarans with XXL lifestyle
The discreet coachroof (albeit wider), the subtly inverted deck sheer, hull portholes highlighted by a stripe, a discreet chine above the waterline thatâ€™s extended as much as possible, and a sleek rig are all elements that guarantee not only good performance, but also elegance and balance. From the very first tack you make, harmony is the natural order of the day: this perfectly optimised catamaran offers generous relaxation space in the cockpit, on the flybridge and forward of the coachroof. When it comes to sail manoeuvring, the deck layout remains faithful to the double manoeuvring/helm station thatâ€™s become such a favourite among users. Like all new Fountaine Pajot models, the FP44 is available with our ODSea+ electric drivetrain and up to 2 000W of solar panels.

Indoor & outdoor areas
Unique design and incomparable spaces!

The FP44 is available with 3 or 4 cabins. Aft, the berths are set slightly diagonally for easy access. Forward, the chines in the hull provide a comfortable beam. The Maestro version offers exceptional comfort and, above all, the option to personalise the forward cabin with a low-level unit or a desk and, notably, a space further forward that can be converted into a baby-cabin or a workshop area.</p>
